Why The Antisemitism On Campuses?

FL-25 Congressional Candidate condemns the rise in antisemitism on US college campuses

24 April 2024

District 25 Congressional candidate Chris Eddy speaks out against the lack of critical thinking skills displayed by pro-HAMAS/anti-Israel US college students.

U.S. Congressional candidate Chris Eddy was recognized by the Combat Antisemitism Movement (CAM) for his “unwavering support of Israel” and for “fostering a strong relationship with Israel.” He has spoken with Jewish community leaders throughout the District and attended several events to demonstrate the community’s resolve in these uncertain times.

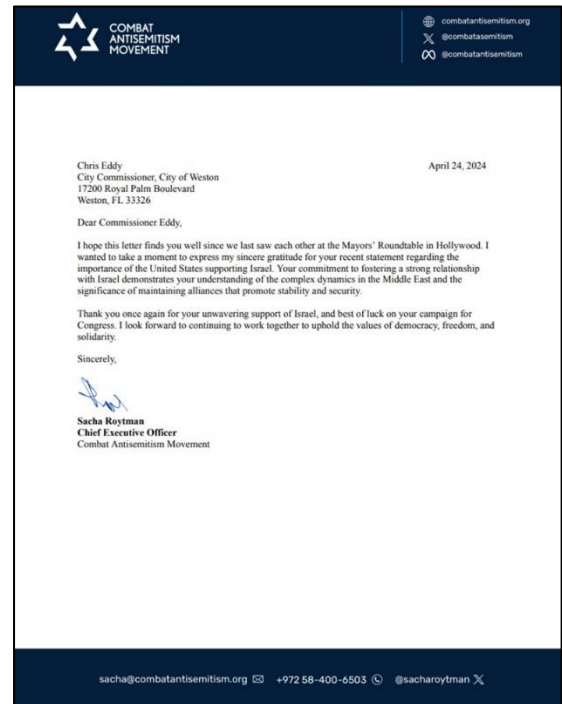

“As a national security/foreign policy Adjunct Professor at Florida International University, I try to instill into my students the critical thinking skills necessary to help prevent another US Intelligence Community failure.” Previous intelligence failures were often due to groupthink, confirmation bias, and/or a lack of imagination.

“It seems our colleges are not teaching critical thinking skills. If they were, these protestors would be able to analyze the situation better and not resort to a victim mentality...which I fear has been a broad part of our nation over the past 10+ years. I truly appreciate CAM’s recognition of my commitment to supporting our greatest Middle East ally.”

The First Amendment is the bedrock of our nation and students are free to express their opinion. But there are also (or should be) consequences for those who fail to adhere to university policies or police instructions.

BGen Eddy (ret.) also released a video reinforcing his commitment—it can be found at www.Eddy4Congress.com.

Chris Eddy is running for U.S. Congress in Florida’s 25th District to Stop the Chaos. He is a retired Air Force Reserve Brigadier General, a retired FBI Intelligence Leader, a Weston City Commissioner, an award-winning teacher, community leader, and a devoted husband and father. He also holds 2 Masters degrees and a PhD in Leadership and is the author of two books on leadership. “Our kids told me to quit yelling at the TV and do something about this mess so I am!”
