

**FOR IMMEDIATE RELEASE**

# **EDDY SLAMS LEFTIST RHETORIC**

**The assassination attempt on President Trump was the result of hyperbolic rhetoric.**

13 Jul 2024

**The left needs to stop its extreme rhetoric against its opponents. As shown by the 2017 Congressional baseball shooting from a fan of Bernie Sanders, words can incite violence.**

Today's assassination attempt against President Trump should be a wake up call to those on the left and their media sympathizers who espouse extremist rhetoric. Although it may be just "politics" to the left, as we saw from today's events, some supporters take the left's rhetoric as gospel and are willing to go to extreme measures to follow their supposed instructions.

*Eddy stated, "A political assassination attempt against a presidential candidate is something we hear of in other nations, but not in the U.S. It's been decades since someone got this close and it does nothing to lower the political temperature. I've been saying for years we need people in Congress who promote positive leadership, demonstrate civility, and inspire people. I will continue to do that and urge the other side to do that as well. Anne and I, along with our kids, are praying for not only President Trump's health, but our nation's health."*
