Dr. Wes Chaar is a recognized expert in several technology areas and recently published his first book, *Data Independence: Reclaiming Privacy in an Era of Evolving Tech*, to address gaps in federal policy and legislation. He is also an Emmy Award winner for engineering and technology.

Based out of Dallas, Texas, Dr. Chaar travels the country to advise companies on how to manage the introduction of artificial intelligence, machine learning, and data privacy into their systems.

*“We are honored to have Dr. Chaar on our team,” Eddy stated. “He will join our Small Business and Economics Advisor, Bill Adams, to help address the needs of District 25 residents. We are hyper-focused on improving the lives of our neighbors and their expertise is essential to that goal.”*

Chris Eddy is running for U.S. Congress in Florida’s 25<sup>th</sup> District to Stop the Chaos. He is a retired Air Force Reserve Brigadier General, a retired FBI Intelligence Leader, a Weston City Commissioner, an award-winning teacher, community leader, and a devoted husband and father. He also holds 2 Masters degrees and a PhD in Leadership and is the author of two books on leadership. “Our kids told me to quit yelling at the TV and do something about this mess so I am!”
