

FOR IMMEDIATE RELEASE

Eddy Receives Chamber Award

City of Weston Commissioner, Chris Eddy, received the Weston, Florida Chamber of Commerce Community Champion award at the organization's annual Business of the Year Award Luncheon on Wednesday, April 19, 2023 at Bonaventure Town Center Club in Weston. He was recognized for his outstanding contributions to the business community, tirelessly promoting new and existing businesses, pushing new businesses to relocate to Weston, and working with City officials to make the business code more flexible to attract and retain businesses in today's competitive environment.

A retired Air Force Brigadier General and a retired FBI Intelligence leader, General Eddy was elected as a City Commissioner in 2020. He is also an award-winning Adjunct Professor at Florida International University (graduate and undergraduate level) and Eastern Kentucky University, writing and teaching courses on national security, foreign policy, and intelligence issues.

"The lifeblood of a community is its businesses, Commissioner Eddy stated. We want our residents to have the ability to live, work, and play locally, which not only makes for a better quality of life, but helps to minimize our environmental footprint as well."
